

GODDESS

MINIPEEL MICRO-DERMABRASION

A deep cleansing and effective exfoliation

The Minipeel is a smaller more compact version of the popular Skinapeel, designed for the Therapist on the move or for the busy salon where one Micro-Dermabrasion system is just not enough. Due to the versatility of this compact system and the innovative probe head, micro crystals can simultaneously deep cleanse and remove dead skin cells and impurities from the stratum corneum of the epidermis. The used crystals and skin particles are collected in a separate easily removable container. Compact and lightweight with an easy to carry handle makes this system the ideal choice.
